

Hi Everyone,

Hope you are all well and have enjoyed your Easter eggs! We are missing you all and loving the pictures/videos of what you've been getting up to (keep sending them along!).

Just a little note for this week's work- all of the additional maths resources are added onto this week's learning pack if needed and the links are all on here (or you could even make your own if you can't print using these as a guideline).

I have added some science work to be completed, but please do not panic about getting it all done, just like the topic from the first week, this is designed for you to do one activity per week. So, the science should last 6/7 weeks and the topic should last the same (from the home learning pack sent home).

If you have any questions or queries about your work, please do not hesitate to email me on michaelsyddallyear4@gmail.com and I am more than happy to help give pointers etc.

Stay safe and I look forward to seeing all of you wonderful people soon!

Miss Cable ☺
