After looking at the clip on Youtube you can either write out these words or print out this page and ask them to read the words using their sound buttons and then using a highlighter/crayon they can highlight/circle the /zh/ sound in the word.

Pick 5 words and ask your child to think of a sentence with the word in (assist if needed but they are really good at thinking of sentences) and then write it down (1 sentence per day to revisit the sound and embed learning). Remind them about capital letters, full stops and finger spaces. Correct spelling of the word they have chosen (they will copy this from the list of words above) and any high frequency words within their sentence (they may refer to their list of high frequency words).
