

Thousands of kids now own smartphones with a built-in camera and web access...

Use *SelfieCop* to remind kids that any photos or videos they take may ultimately be seen by anyone.

SelfieCop also allows parents to monitor their child's images to help safeguard behaviour.

cop

1

Install the *Parent-App* on your own phone

2

Install the *Child-App* on your child's phone

3

Link the *Apps* using a secure encryption code

SelfieCop comes to life when a smartphone's camera is activated. The app reminds kids that any photos or videos they take & then share may ultimately be seen by anyone, anywhere...

- Highly capable :: Detects top apps.
- Simple to use :: Set-up in minutes.

FREE
download

- Highly secure :: All data is encrypted.
- Highly responsible :: It is not SpyWare.
